COMMUNITY UPDATE 2026

Investing in Community Safety

IN THIS ISSUE:

- Community safety investments
- Emergency response improvements
- Neighbourhood safety initiatives
- How to get involved

NEW INVESTMENTS AND COMMUNITY PARTNERSHIPS ARE STRENGTHENING SAFETY ACROSS OUR NEIGHBOURHOODS

Langley City continues to invest in community safety, with a renewed focus on more visible presence, faster response, and stronger neighbourhood connections. Recent efforts include enhanced emergency response, expanded policing, and new community-driven safety initiatives developed with residents.

3,200+ RESIDENTS
helped address safety in the community

9 FIREFIGHTERS
added over the past 4 years

5 RCMP OFFICERS
added over the past 4 years

NEW NEIGHBOURHOOD SAFETY INITIATIVES
launching in summer 2026

STRENGTHENING OUR EMERGENCY RESPONSE AND SUPPORT

NEW FIREFIGHTING EQUIPMENT
$6.1 million invested in updated emergency and firefighting equipment

MORE BYLAW OFFICERS
Working closely with local partners and increasing patrols to keep public spaces and properties safe

Citizens' Assembly on Community Safety

RESIDENTS SHAPING OUR CITY

29 residents, business owners and non-profit representatives participated in the Citizens' Assembly, representing a diverse mix of ages, neighbourhoods, and backgrounds. They heard from 3,200+ community members to help shape their recommendations on addressing safety in the community.

GOAL:

To develop proactive, practical measures for safer, more connected neighbourhoods.

OUTCOMES:

Two key initiatives in 2026 (more available online):

- **RESILIENT NEIGHBOURHOOD NETWORKS (RNNs)**
  – help neighbours connect, prepare, and build safer, stronger neighbourhoods.
- **MORE VISIBLE SAFETY IN THE COMMUNITY**
  – coordinated RCMP, Bylaws, and outreach presence in public spaces.

WHY IT MATTERS:

These initiatives are direct outcomes of the Citizens' Assembly, reflecting our community's priorities for safety, connection, and preparedness.

LEARN MORE: ***Additional initiatives from the Citizens' Assembly, including the full report can be explored at LetsChat.LangleyCity.ca/safety***

RESILIENT NEIGHBOURHOOD NETWORKS (RNNs)

PURPOSE:

Pilot neighbourhood initiatives starting in summer 2026 to help residents connect with one another, build safety and emergency preparedness skills, and play an active role in making their neighbourhoods stronger and safer.

HOW RNNs WORK:

- Provide opportunities for residents to share local knowledge and insights about safety and connection
- Offer training in safety, emergency preparedness, and community coordination
- Use resident feedback to shape how RNNs grow across the city

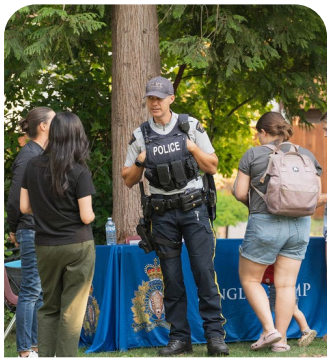

WHAT THIS MEANS FOR RESIDENTS:

- Neighbourhoods are better prepared for emergencies and can prevent issues from escalating
- Residents know where and how to get help
- Stronger connections between neighbours build trust and shared responsibility

MORE VISIBLE SAFETY IN THE COMMUNITY

Langley City is strengthening community safety through a coordinated approach:

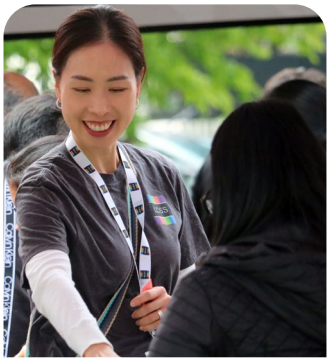

RCMP PRESENCE

Increased patrols and community engagement

BYLAW SERVICES

Regular monitoring for parks and public spaces

OUTREACH TEAMS

Helping residents find local resources and support

DATA-INFORMED DECISIONS

Using feedback and incident data to act early and where it's needed most

WHAT THIS MEANS FOR RESIDENTS:

- Neighbourhood concerns are addressed early before they escalate
- Residents see improved safety in parks and public spaces
- Recurring concerns have a stronger response through a coordinated approach
- Residents receive clear updates on actions taken and results

▶▶ HOW TO GET INVOLVED

Volunteer Opportunities – Make a Difference in Your Community

Sign up online to volunteer in your community. You could:

- Welcome and support participants at neighbourhood workshops and events
- Get hands-on with community food projects, including gardening and urban agriculture
- Support walking tours, business workshops, expos, and other community gatherings

▶▶ **SIGN UP ONLINE:** LetsChat.LangleyCity.ca/safety

Vote for Your Neighbourhood

Vote to choose which neighbourhoods from the below will take part in the first phase of neighbourhood safety and connection initiatives.

ALICE BROWN | BLACKLOCK | DOUGLAS | NICOMEKL | SIMONDS | UPLANDS

▶▶ **VOTE ONLINE NOW:** LetsChat.LangleyCity.ca/safety | **VOTING CLOSES:** June 16, 2026

Join us at a Social Street Event Launching the Resilient Neighbourhood Networks

▶▶ **LOCATION: Linwood Park | DATE: June 26, 2026**

- Take part in community activities and emergency preparedness demonstrations
- Learn which neighbourhoods were selected through the community vote
